SENATOR CLARK PRESIDING

SENATOR CLARK: Senator Nichol, do you wish to be recognized?

SPEAKER NICHOL: Mr. President, members of the Legislature, in front of the podium you have some dry edible beans. I brought them to you to give to you as a gift and you may choose whether you want the white ones or the pinto beans which have some color in them. The caloric value is the same I understand. They taste about the same, so choose one or the other. I didn't bring enough to give you one of each but I guarantee you them to be the best beans you have ever eaten and the guarantee is that if you don't think so, bring them back and I will refund your money. Glad to have you have them. These are raised in the western part of Nebraska only and they are a lot better than the soybeans.
